(805) 500-5636

460 Ventura Avenue, Oak View

- Great Power and Super Speed --The electric bike has a 36V, 500W brushless motor, giving the bike incredible power and a respectable speed of 25 miles per hour (40 km/h). The motor sits inside the rear wheel, sending torque directly to the ground for fast acceleration.
- 36V 13AH Long-lasting Lithium Battery -- This ebike has a single-charge range of 20 miles when you use throttle exclusively or up to 40 miles with pedal assist.The battery charges to full in four to six hours, so you can charge the bike for an hour or two to extend its range.
- Fully Equipped and Easy to Assemble -- Arrives 90% Assembled. Equipped with a 7-speed Shimano rear derailleur,Shock-absorbing front fork,front and rear mechanical disc brakes, light and strong 6061 Aluminum Alloy frame
- Recommended Height and Weight -- Suitable height: 5'4-6'2.Load capacity: 270LBS.
